

Custom Air Filter with Impulse Drain

Application:

After-market air ride suspension kits

Requirement:

Provide dry filtered air to promote efficiency in air ride suspension kits.

Solution:

Private labeled 204-3202-1DA2 air filter that reduces all moisture related failures by 87% according to extensive testing done by customers. The filter is also equipped with an impulse drain which eliminates the need for manual draining filters in tight spaces.

WARRANTY: Monnier warrants each product against defects in material and workmanship for a period of one year from the date of manufacture providing its use was in accordance with Monnier recommendations. If the product fails to perform as warranted, Monnier will, at its option, repair or replace the product free of charge. The company will not be liable for incidental or consequential damages. We make no other warranty, expressed or implied, including warranties of merchantability or fitness for a particular purpose.
