

Railcar Filters

Application:
Transportation

Requirement:
High flow compressed air filters that can withstand the harsh conditions of railcar service.

Solution:
Custom filters based on the 201-5000 series of particulate filters. The all machined aluminum construction allows them to perform in even the most challenging environments. The depth filtration elements provide a long service life with minimal pressure drop.

WARRANTY: Monnier warrants each product against defects in material and workmanship for a period of one year from the date of manufacture providing its use was in accordance with Monnier recommendations. If the product fails to perform as warranted, Monnier will, at its option, repair or replace the product free of charge. The company will not be liable for incidental or consequential damages. We make no other warranty, expressed or implied, including warranties of merchantability or fitness for a particular purpose.
